

Woofi The Missionary Puppy

“A puppy with a purpose!”

BECAUSE WE CARE MINISTRIES—APRIL/MAY 2012 NEWSLETTER

Trinity E.C. Missions Teams Use Woofi To Spread The Gospel

Woofi has gone with Trinity missions teams to Peru, Ecuador and Costa Rica. Each time Woofi has been used with the children's ministry to provide a five-day program.

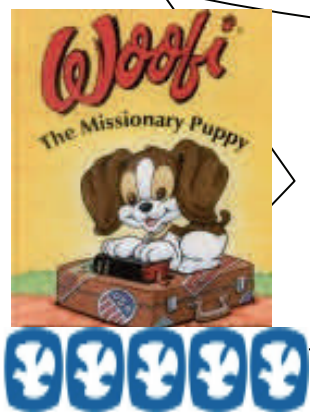

The children in every country love **Woofi!**

On the first day, Woofi is introduced to the children. They hear how he has traveled all the way from the United States to meet them, and bring them the Good News of Jesus love for them. On each of the next four days, we share Woofi's illustrated story, which is based on a parable from the Bible. Each story is followed by a craft that reinforces a related Bible verse found within the story. Most important the children learn how Jesus died on the Cross for them. It is always exciting for the children each day as they vie for a chance to hold Woofi or have their picture taken with him. They all want to say good-bye to him as they leave the meeting each day and often reach up to give him a kiss.

Praise the Lord that we have been able to leave Woofi's with twelve church plants. At each church, along with Woofi, we also leave crayons, paper and craft supplies to be used to help local pastors, and members of their church, to continue providing a ministry for the children in the neighborhood of the new church. The children return to the church each week to see Woofi and hear of God's love for them.

Woofi participated in the “Mission Minded Kids Rally” at Trinity EC Church in Boyertown on March 3, 2012. It was very thrilling to watch the interest and enthusiasm of the children as they were taught by Rick and Suzanne how to use Woofi to help them open doors and share the Good News with friends, relatives and neighbors. As a very special treat, Acacia Viola taught the children how to sign the chorus of the Woofi song. Everyone loved learning the sign language motions including the Woofi staff.

Thank you Acacia!
